UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Doan's Liver Tonic and take a spoonful tonight. If it don't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and unwell. Don't lose a day's work. Take a spoonful of harmless, vegetable Doan's Liver Tonic tonight and wake up feeling great. It's perfectly harmless so give it to your children any time. It can't salivate so let them eat anything afterwards.

AUSTRIA FALLS.

Germany Lays Her Last Ally Monday When Austria-Hungary Laid Down Arms.

On the heels of the fall of Turkey comes the good news that Austria has virtually surrendered through the accepting of conditions imposed laid down by the Allies. Austria's fall down to the Allies, leaving Germany as the last and only bulwark of the former strong combination of Central powers.

The terms of this armistice, as given out Monday, is covered in the following dispatch:

The terms of armistice under which Austria-Hungarian land and sea forces have laid arms were announced today. It announced the complete surrender and opening of Austrian and Hungarian territory for the Allied operations against Germany. From this drastic document it can be stated and may be gleaned an accurate outline of the conditions pending completion at Versailles, under which Germany may have cessation of hostilities.

Terms under which Austria-Hungarian forces are to include complete demobilization of Austrian forces and the occupation of such strategic places as may be selected later, to use Austrian railways for operations against Germany; evacuation of all invaded territory, and leaving behind all equipment and supplies. Surrender of portion of Austrian surface and administrative districts and disengagement of officers. Surrender all German submarines in Austrian waters and repatriation of Allied and American prisoners without reciprocity. Proclamation of Austrian territory which roughly corresponds to boundary lines as claimed by Italy.

Austrian forces are to surrender completely all military and military equipment.

WHAT IS MY SHARE?

He is a conscientious gentleman, who honestly wants to do right. And he came to me shaking his head.

"I want to do my full part in this United War Work Campaign," he said. "Do you think a hundred dollars is my share?"

And I told him it would be hard for anyone but himself to decide. "There are so many different ways of looking at money," I said.

A hundred and seventy million looks big at first glance. It is forty times what Jefferson gave for the Louisiana territory.

It's a dollar and seventy cents for every man, woman and child in the land. It's more than eight dollars and a half for every household.

"You can figure it on that basis," I told him. "On the basis of dollars and cents. Or you can figure it on the basis of boys."

"Of boys?" he questioned. "I do not understand."

It's less than fifteen cents a day for each of our soldiers and sailors," I answered. "Fifteen cents a day to give them warmth and comfort and entertainment and lectures, and games and the thought of mother and of God."

"Fifteen cents a day for a boy; two for a quarter a day. How many boys will you take?"

And his eyes knitted. "I think I could take ten at least," he said. He drew his check book out.

"Figure it out and tell me the price," he said. "I want you to give them the best you've got. What is it going to cost?"

"—for ten boys, for a year, at two for a quarter a day?"

So I figured it out for him: suppose you figure it out for yourself.—By Bruce Barton.

NOTICE TO PATRONS.

It is generally known that all telephone and telegraph lines have recently been put under government control, and new regulations applied to the conduct of the business. One of these regulations makes it necessary to cut out a lot of credit and delinquent business, and we cannot longer carry subscribers who are over 30 days behind on dues. We must cut you out if you do not pay up at once. If you are cut off and want to get back on the line, Mr. Harrison's orders are that a charge of \$3 to \$5 to be reinstated must be made. It will save you time and money and its trouble if you will come forward at once and pay up all back dues. Respectfully, A. W. Davis, Manager Hickman Tel. Co.

2 OF FAMILY DIE.

Bank Everett and Wilson Everett, Half Brothers, Die this Week.

We sympathize with our good friend Lawrence Everett, who has lost two of his sons this week—Bank and Wilson Everett. The two sons were half brothers, with a considerable difference in age. Bank Everett, who died Tuesday night, was about 34 years old, while the other was a baby boy, age about one year, and died Sunday.

Both were victims of influenza and pneumonia, and both were buried at Brownsville cemetery, but no services were held.

The older Everett was born in this county June 15, 1884, and spent his entire life as a farmer in this section. He was married and is survived by his wife and several small children. Mr. Everett was a highly respected man and his loss will be keenly felt. The family has the sympathy of their many friends in their dual loss.

In many places the Spanish influenza epidemic is subsiding in a most satisfactory way and the ban is being raised. However, there is some difference of opinion about its abatement in Fulton county. A gentleman from the east end of the county says there is little or no improvement in the situation there. In Hickman there is doubtless an improvement. In fact the town proper has suffered in proportion to the rural districts—but west of town the epidemic still rages. The evidence of this is the number of deaths reported this week. It will be noticed that a large per cent of the fatalities is in the western part of town. Why conditions should continue unfavorable in the two extreme ends of the county cannot be easily explained; as the two sections are as extreme in environment and general circumstances as they are in location. The wisdom of lifting the ban on public gatherings at this time is questioned by some and hesitated upon by others. And some healthies seem to be rid of the flu and others still have it—and local health authorities necessarily find themselves confronted by a perplexing problem.

Tax Commissioner Coffey and his efficient deputy, Miss Lucile Barnes, have about completed the task of assessing the property of Fulton county, only a few falling to get in on time. The new forms and new system is a radical change from the old way of doing business but is certainly an improvement. Indications are there is going to be an increase in the county's revenue. In order to handle the work of the office systematically, Mr. Coffey has just installed a filing cabinet of about 100 compartments, which puts the assessment lists of each district together and in alphabetical order.

Dan Brown, Standard Oil man, has purchased Mrs. Pele's residence property in West Hickman.

The big day at Hickman Saturday is planned as an open air affair—to avoid danger of flu.

Modern methods prevail in our prescription department.—Hickman Drug Co.

TWO DEATHS.

John Stephens and Shepson, Ed Floyd, Both Die in Past Week.

Another Fulton county family has lost two members through the influenza epidemic in the past week.

John Stephens, a well known farmer of the lower bottom, died Tuesday night. Influenza and pneumonia caused his death. He had been a resident of that section for fifteen years, or more. Mr. Stephens leaves a wife, a son and two daughters. He was about 45 years old. While a man of moderate circumstances, he was home and had many friends. His body was buried at Brownsville cemetery.

On Saturday night there was another death in this home—that of Edw. H. Floyd, 17-year-old stepson of Mr. Stephens. He was also a victim of the flu, which terminated in pneumonia. The young man is survived by his mother and two sisters. Funeral and burial at Brownsville.

The bereaved members of this family have the sincere sympathy of their friends in the loss of these two loved ones.

4 HOUSES ENTERED.

Burglar Gets \$33 at R. E. Blow's Monday Night; Makes Escape.

A burglar evidently started a "house" in Hickman Monday night, entering or attempting to enter four homes on the hill. His operations were between 11 and 2 o'clock, but he was successful in his depredations at only one place—the home of R. E. Blow, agent of the M. & O. Ry. Co. There he got \$32.50 cash, a check written by J. O. West for \$100, and probably a smaller check or two. The checks, of course, were worthless to him. The cash and checks were in Mr. Blow's trousers pockets. The family knew nothing of their visit until Tuesday morning, when, obviously, Mr. Blow missed an essential portion of his wearing apparel. The trousers were later found out in the yard with pockets empty. Mrs. Blow's purse had also been located and reported of some small change. The only person who seems to have seen the thief was Mr. Blow's mother, but she never thought of him as an intruder. She saw the flash of his light and could discern that he was white and seemed to be about the height of her son. Thinking it was her son or some one with him, she paid no attention to him.

He also entered the home of J. C. Ellison going in through the dining room window, from which he removed the screen. Mr. Ellison heard his foot falls distinctly, but thought it was some one walking at a neighbor's home. The fellow finally reached the door knob leading into the family bedroom and was about to enter. The door hung at the bottom and Mr. Ellison had a tickling in the throat and coughed—this made the visitor change his course. He bent it to the front door and escaped. Officers Hamby and Wall were called but the man had made his getaway.

The back portion of W. S. Ellison's residence was also entered. Mr. Ellison heard the noise, turned on a light and this frightened the intruder off. Here he left the door open.

Next heard from him was at the home of R. G. Hair, Sr. Here a window was rained but some of the women of the household waked and called the men. Mr. burglar again took fright and went his way.

Dr. J. M. Hubbard believes the man entered his home, because a light was found turned on in his room. The light woke the doctor but neither himself nor family had anything to do with it; and the back door was also found to be open.

He left no clue. A stranger in town late Monday afternoon purchased a number of bits, wood chisels, files, etc., at Bonhant Bros. store, but there is no evidence that he was connected with the jobs pulled off that night. As a matter of fact, several near-by towns, including Fulton, have been

troubled of late with what seems to be a new method operating in this section and the same man may be responsible for all of it.

The question of what ought to be done with our ex-presidents has been recently brought to public attention of late. It has been said that no man in private life could say the mean, contemptible things one of them has said of President Wilson recently and remain out of jail, and we concur in the opinion. The personality of Roosevelt was pretty completely sized up, we believe by Thomas Roosevelt, who is quoted as saying of his father the when it was a wedding the ex-President always wanted to be the bride, and at a funeral he always wanted to be the corpse. He is the latter politician.

Really, but unfortunately, he does not seem to realize it.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

And a Thousand Fighters Call Him Dad!

THERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun. He carries cheer and comfort and a great big heart. Never mind whether his uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus, the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars—morale!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all. They know that he will understand—that he won't laugh or preach. They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$17,000,000,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1918 their:

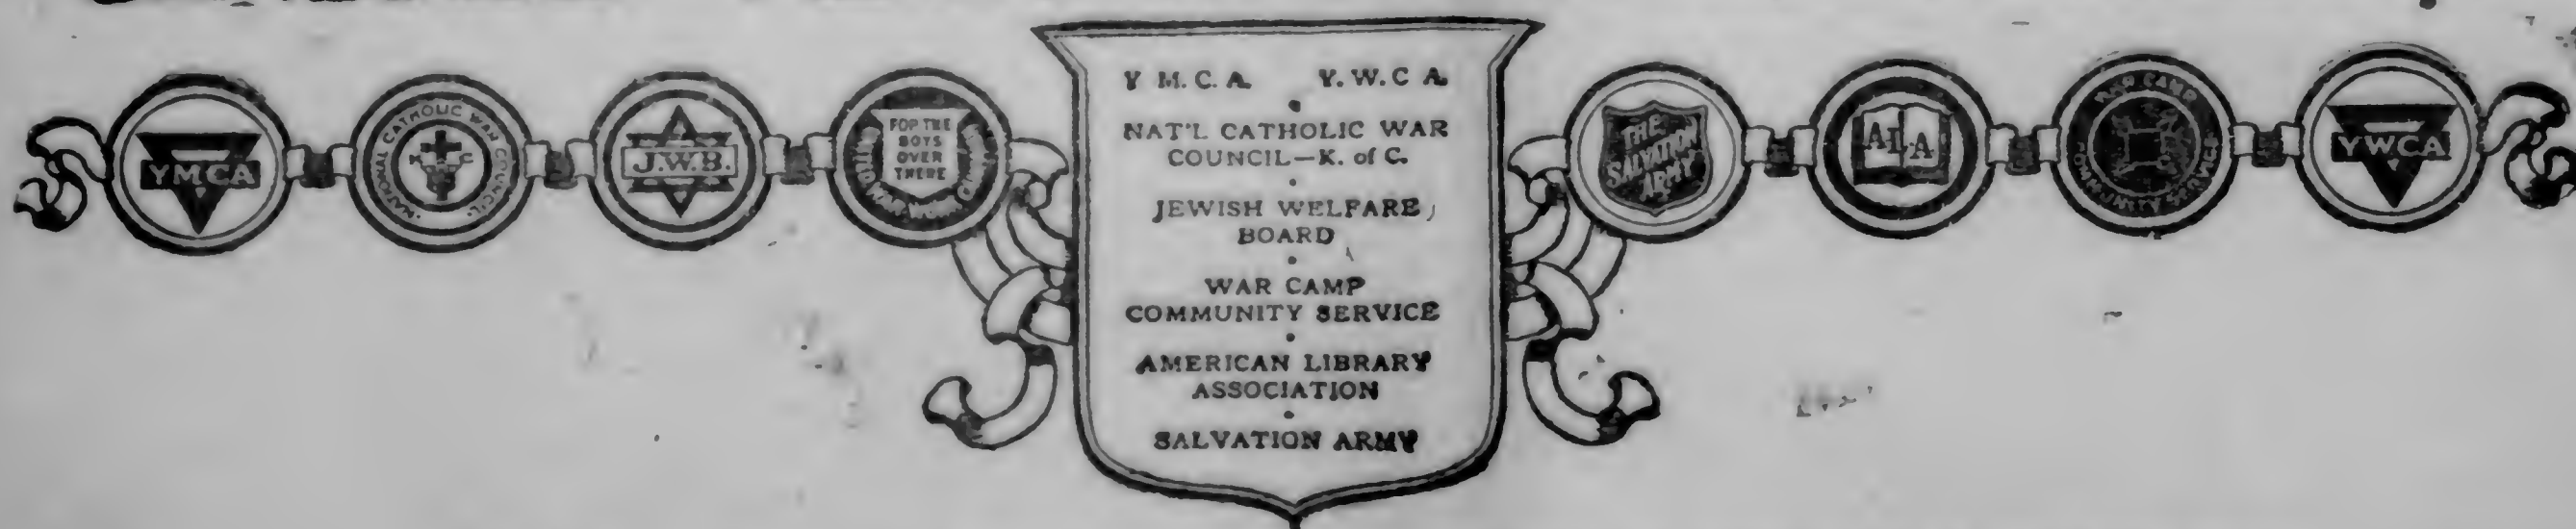

- 3,000 Recreation Buildings
- 1,000 Miles of Movie Film
- 100 Leading Stage Stars
- 2,000 Athletic Directors
- 2,500 Libraries supplying 5,000,000 books
- 85 Hostess Houses
- 15,000 Big-brother "secretaries"
- Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a wife, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From
Own Experience.

Providence, R. I.—I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicine bottles which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and for the first time in months I was able to do my work. I am now a healthy, happy woman. I am suffering no more. — Mrs. ADELIA H. LYNCH, 100 Main St., Providence, R. I.

CARD OF THANKS.

We desire to thank our friends for their kindness shown us in the death of our wife and sister, Mrs. Mervie Harmon, also for the beautiful floral offering. May God bless them all.—Husband and sisters.

It sounds like a joke, but our valued friend W. D. Benthall says it's a fact. While gathering corn last week he came to a pumpkin so large that it had to be rolled out of the way, as the wagon would not pass over it. In order to protect his reputation for truth and veracity, he expects to bring the pumpkin to this office for display and later let it be sold for the Red Cross.

STAR ROUTE STARTED.

According to schedule, the new star route mail carrier, Mr. Boaz, of Fulton, made his first trip with the mail from Fulton to Hickman Friday. The pouch of first class mail contained only eight letters, but mail clerks had not gotten straightened out on the change in service. The new route gives us letters and newspapers four hours ahead of the railroad mail. Outgoing service is also greatly improved. Letters posted in the afternoon leave here at 6:00 o'clock—twelve hours ahead of the railway service.

CARD OF THANKS.

We wish to thank our many friends for the kindness shown us in the burial of our dear brother, W. C. Capps. Especially do we wish to thank Mr. J. O. West, Mr. S. L. Dadds and Mr. and Mrs. B. G. Hale of this city, Mr. and Mrs. G. D. Bryan of New Orleans, and Mr. James F. Hume of Baltimore, also those who furnished cars for the funeral—Albert, Tole and Dave Capps and Mrs. M. S. Smith.

PLENTY OF PROOF.

From People You Know—From Hickman Citizens.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Hickman, of people who can be seen in any time. Read the following case of fact:
J. W. Swift, 704 Carter St., Hickman, says: "A short time ago my back and kidneys gave me a great deal of trouble. My kidney trouble was brought on, I think, by sitting down too much and when a friend recommended Doan's Kidney Pills to me, I bought a box at Cowgill's Drug Store. I used a box and a half and was cured of all trouble with my back and kidneys."
Please ask, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Swift had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.

Rev. J. W. Waters, formerly pastor of the Methodist church at Hickman, but now located at Fulton, was in to see us Friday. Bro. Waters is still the same true, jovial, Christian gentleman that we all esteemed so highly while he was a citizen of Hickman—except that he looks older.
"Old Glory," which flies over the courthouse, is torn and tattered through long service. Why not a new flag boys?
